# OUR WILDLIFE REFLECTS OUR BRAND

Wildlife must be resourceful to survive in their respective environments, similar to how we overcome challenges in the industry.

To thrive, animals co-exist in symbiotic relationships just like the interconnected relationships we have with our valued clients, financial advisors and medical aids.

Like our brand, the **buffalo** possesses immense strength, determination, and endurance.

The **elephant** is highly intelligent and projects a forceful, imposing presence comparable to how we lead from the front.

The **lion** is a fierce leader, commanding respect and dominance, reflecting our industry position.

Brawny and self-assured, the **rhino** allows nothing to stand in its way and, just like us, forges ahead with resilience.

The **leopard** is agile and strategic, seizing opportunities swiftly and precisely... the Stratum way.

Safeguarding our wildlife for its majestic beauty and balance to many of nature's processes is a collective duty. **Protecting those we cover, is our duty because every client we serve is as unique and precious as our wildlife.**

## WHY CHOOSE US

- All are welcome! No maximum entry ages.
- One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan.
- Child dependants registered on your or your spouse's medical aid plan may remain on your **Gap Cover** policy regardless of age.

However, when a child dependant applies for their own medical aid membership, they must apply for their own **Gap Cover** policy.

A full-time student **26 or younger** may remain on your policy even if they belong to a different medical aid plan, provided proof of full-time studies is submitted annually.

- In- and out-of-hospital medical procedures are covered. Out-of-hospital procedures aren't subject to a defined list.
- Not all benefits are subject to an **Overall Policy Limit**.
- The following benefits don't require part payment from your medical aid:
  - ACCESS
  - ACCIDENTAL DEATH AND DISABILITY
  - BREAST RECONSTRUCTION
  - CASUALTY
  - FIRST-TIME CANCER DIAGNOSIS
  - MEDICAL AID CONTRIBUTION WAIVER
  - PREVENTATIVE CARE
  - PRIVATE ROOM
  - STRATUM POLICY PREMIUM WAIVER
  - TRAUMA COUNSELLING
- Unique cover for cancer treatment, internal prosthetic devices, MRI, CT, PET scans, and physical rehabilitation when your medical aid plan's benefit limits have been reached.
- In-hospital basic and specialised dental-related procedures, such as dental implants and wisdom teeth extractions, are covered.
- Our **TRAUMA COUNSELLING BENEFIT** covers trauma counselling consultation fees even if the traumatic event occurred before your cover start date.
- Our **CORPORATE ACCESS**, **CORPORATE ACCESS CO-PAY PLUS<sup>300</sup>** and **CORPORATE ACCESS PLUS<sup>500</sup>** options cover specific medical procedures excluded by some medical aid plans.
- Our complimentary value-added **LIFESTYLE BENEFITS** include:
  - **INTERNATIONAL TRAVEL INSURANCE**  
Your whole family is covered for acute illness and injury when travelling for leisure outside South African borders.
  - **WELLNESS CARELINE**  
You and your dependants can access confidential telephonic and virtual counselling from registered counsellors and social workers to support better mental wellness.

## THIS IS US

Leaders are like eagles. Masters of their territory, bold and powerful, with sights set firmly on their goals.

Our dedicated team has created **Gap Cover** solutions for individuals and families for nearly two decades that suit every pocket, healthcare need, and lifestyle.

We strive to make every interaction memorable because we believe that excellent service gains a client, not a sale.

## GAP COVER IN A NUTSHELL

It's a non-life insurance policy designed to cover medical expense shortfalls when your healthcare and service providers, such as your doctor and specialist, charge more than your medical aid plan's rate for in- and out-of-hospital medical procedures.

Our **Gap Cover** options complement all registered South African medical aid plans regulated by the Council for Medical Schemes.

## EXPLAINER VIDEO

Go to [www.stratumbenefits.co.za/what-is-gap-cover/](http://www.stratumbenefits.co.za/what-is-gap-cover/) for a short animated video that explains what **Gap Cover** is.

## WHAT'S ON OFFER

We cover you for just about every medical eventuality.

From providing up to an **additional 300%, 400%, or 500%** on top of your medical aid plan's rate to cover the most often experienced shortfalls to benefits for co-payments, cancer treatment, internal prosthetic devices, scopes, scans, casualty events, and more.

Whether you're an individual who needs basic cover or a growing family needing more comprehensive cover, we've got the perfect fit.

## CORPORATE COMPACT<sup>300</sup>

Our **well-rounded option** is packed with benefits that cover the **most often experienced in- and out-of-hospital** medical expense shortfalls.

One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan.

Child dependants registered on your or your spouse's medical aid plan may remain on your **Gap Cover** policy regardless of age. However, when a child dependant applies for their own medical aid membership, they must apply for their own policy.

A full-time student **26 or younger** may remain on your policy even if they belong to a different medical aid plan, provided proof of full-time studies is submitted annually. Distance and online learning don't qualify.

We cover **5 or more employees** as an employer group if you join through your employer.

Ask your employer if your spouse and dependants may join. If your employer agrees, add them to your policy.

Premiums are determined by factors such as the size of the employer group, the average age, and whether cover is compulsory or voluntary.

**ASK US FOR A CORPORATE QUOTE**

**BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)**

An OPL of R 219 845 per insured person per year applies to the following benefits or any higher amount published by the Regulator during the year. All approved claim amounts will be deducted from the available OPL.

**GAP BENEFIT**
[www.stratumbenefits.co.za/gap-benefit/](http://www.stratumbenefits.co.za/gap-benefit/)
**IN- AND OUT-OF-HOSPITAL COVER****HOW IT WORKS**

We cover the **shortfalls** when:

- the cost of your medical procedure performed in a day clinic, hospital, or your healthcare provider's room is more than your medical aid plan's rate,
- as long as your medical aid pays an amount from a **hospital benefit**, also known as a **risk, major medical, insured day-to-day or block benefit**.

**WHAT WE COVER**

We pay up to an **additional 300%** on top of your medical aid plan's rate to cover shortfalls on your doctors', specialists' and healthcare providers' accounts related to the following in- and out-of-hospital medical events:

- consumable items, such as catheters, medical gloves and syringes;
- medication administered during your medical event;
- medical procedures, surgeries and treatments;
- physiotherapy;
- pathology, such as blood, saliva and urine tests; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Subject to the **OPL of R 219 845 per insured person per year**.

**GOOD TO KNOW**

- PMBs are specific benefits your medical aid must provide for a defined list of medical procedures. If your medical aid's qualifying criteria for PMBs aren't met, we'll assess the shortfalls when you incur out-of-pocket medical expenses.
- Look at **DENTAL, MATERNITY and RADIOLOGY COVER** to see what other shortfalls we cover.
- Allied healthcare providers aren't covered, except for clinical perfusionists, midwives, nurses, physiotherapists, and radiographers.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**CO-PAYMENT BENEFITS**

There are **two benefit categories**.

**ADMISSION AND PROCEDURE CO-PAYMENTS**  
 IN- AND OUT-OF-HOSPITAL COVER

**PENALTY CO-PAYMENTS**  
 IN-HOSPITAL COVER
**HOW IT WORKS**

We **refund** co-payments that your **medical aid imposes** as rand amounts or percentages for:

- admissions to network and non-network day clinics and hospitals and medical procedures, such as in- or out-of-hospital scopes and scans,
- as long as the co-payments are paid from your **medical savings account or pocket**.

**WHAT WE COVER**

Claim as many admission and procedure-related co-payments as needed.

Limited to **R 20 000 per policy per year**.

If your medical aid has a preferred network of day clinics, hospitals and healthcare providers you must use for planned medical procedures, you can claim the penalty co-payments when using non-network providers.

Limited to **R 12 000 per policy per year**.

**GOOD TO KNOW**

- If your healthcare provider asks you to pay an amount before your medical event, it's called split billing. The upfront amount makes up the provider's private fee that doesn't reflect on the account submitted to your medical aid for payment. Ask your provider to submit a detailed account reflecting their private fee to your medical aid so we can assess any shortfalls under our **GAP BENEFIT**.
- Some medical aids require members to use specific provider networks for planned procedures such as hip and knee replacements, spinal surgery, and cataract surgery. These networks may include hospitals, clinics, specialists, and anaesthetists. If you use a non-network provider, your medical aid may apply a co-payment across all related accounts. You can claim these co-payments from us, though depending on how your medical aid processes them, they may fall under our **PENALTY CO-PAYMENT BENEFIT**. Staying in-network is the best way to avoid unnecessary out-of-pocket expenses.
- Look at **DENTAL, MATERNITY and RADIOLOGY COVER** to see what co-payments we cover for dentistry, childbirth and specialised radiology.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**DENTAL COVER**

If you're booked into a day clinic or hospital for extractions, dental implants or oral surgery, our benefits can assist with the shortfalls and co-payments.

**DENTAL COVER** is made up of **various benefits** you can claim from.

**SPECIALIST SHORTFALLS**

- as long as your medical aid pays an amount from a **hospital benefit**, also known as a **risk** or **major medical benefit**.

Subject to our **GAP BENEFIT**.

We **refund** co-payments that your **medical aid imposes** for elective caesareans as long as the co-payments are paid from your **medical savings account** or **pocket**.

When your medical aid pays part of the cost of an internal prosthetic device, we'll cover the **difference**.

##### WHAT WE COVER

Limited to **R 30 000 per insured person per event**.

#### GOOD TO KNOW

#### GOOD TO KNOW

- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**CANCER BENEFITS**

There are **two benefit categories**.

**CANCER TREATMENT SHORTFALLS**  
IN- AND OUT-OF-HOSPITAL COVER

**CANCER TREATMENT TOP-UP**  
IN- AND OUT-OF-HOSPITAL COVER

**HOW IT WORKS**

We cover the **shortfalls** when your healthcare providers charge more than your medical aid plan's rate for in- or out-of-hospital cancer treatment, as long as your medical aid pays an amount from an **oncology benefit**.

If your medical aid plan covers in- or out-of-hospital cancer treatment up to an oncology benefit limit, we'll **top up** your cover and pay the **total cost** of ongoing cancer treatment, up to our benefit limit, when your medical aid plan's oncology benefit limit has been reached.

**WHAT WE COVER**

The shortfalls we'll cover are subject to the oncology treatment plan approved by your medical aid.

Our benefit typically covers:

- biological medication;
- chemotherapy and radiotherapy;
- consultations with your oncologist; and
- specialised radiology, such as bone density and PET scans

We'll also **refund** the oncology-related co-payments that your **medical aid imposes** as rand amounts or percentages when your medical aid plan's oncology benefit limit has been reached.

Subject to the **OPL of R 219 845 per insured person per year**.

We'll cover the cost of your ongoing cancer treatment subject to the oncology treatment plan approved by your medical aid.

Limited to **R 60 000 per insured person per year**.

**GOOD TO KNOW**

- Some medical aids impose co-payments from the start of treatment, often for precision or innovative oncology medication. These co-payments aren't covered, as our benefit only refunds co-payments that apply once your medical aid plan's oncology benefit limit has been reached.
- Unless we confirm otherwise, waiting periods apply. Refer to the **Waiting Periods** page.

**CASUALTY BENEFITS**

There are **two benefit categories**.

**ACCIDENTAL EVENTS**  
INDIVIDUALS OF ALL AGES  
OUT-OF-HOSPITAL COVER

**ILLNESS EVENTS**  
CHILDREN 10 YEARS OR YOUNGER  
OUT-OF-HOSPITAL COVER

**HOW IT WORKS**

Visit any registered medical facility **within 24 hours** of an accident, such as the doctor's room or emergency unit at the nearest hospital, when anyone in the family requires medical treatment for bodily injury.

Children **10 years or younger** are covered for after-hours illness-related events at any registered casualty facility between **19:00 and 7:00** Monday through Friday and all day Saturday, Sunday, and public holidays.

We'll cover the **shortfalls** when your medical aid pays part of the cost of a casualty event from a **risk, insured day-to-day or block benefit**, or **refund the total cost** when paid from your **medical savings account or pocket**, subject to our benefit limit.

**WHAT WE COVER**

We cover all the healthcare and service providers' accounts related to a casualty event, typically including:

- basic and specialised radiology and pathology;
- co-payments;
- facility and doctors' consultation fees;
- medication administered during an event;
- external medical items received at the medical facility, such as a neck brace or arm sling, limited to **R 1 000 per policy per year**, subject to the **R 6 000** benefit limit; and
- follow-up visits related to accidental events, such as having stitches or a cast removed, limited to **1 visit per insured person per event**, subject to the **R 6 000** benefit limit.

Limited to **R 6 000 per policy per year**.

**GOOD TO KNOW**

- If you're admitted to the hospital after being treated in the casualty or medical facility for an accidental-related event, or your child is admitted after being treated in the casualty facility for an after-hours illness-related event, the admission becomes a new medical event, and claims will be assessed based on the hospital admission.
- Our benefit applies even if your medical aid doesn't cover casualty events.
- You're covered from day one because this benefit isn't subject to any waiting periods.

## TRAUMA COUNSELLING BENEFIT [www.stratumbenefits.co.za/trauma-counselling-benefit/](http://www.stratumbenefits.co.za/trauma-counselling-benefit/)

When dealing with a traumatic event and wanting to see a counsellor, our benefit can assist with the costs.

### OUT-OF-HOSPITAL COVER

#### HOW IT WORKS

We'll cover the **shortfalls** when your medical aid pays part of your registered counsellor's consultation fees from a **risk, insured day-to-day** or **block benefit**, or **refund the total cost** when paid from your **medical savings account** or **pocket**, subject to our benefit limit.

#### WHAT WE COVER

You're covered when you:

- witness an accident or act of physical violence;
- are directly affected by an accident or act of physical violence, for example, suffering bodily injury resulting in total and permanent disability;
- receive news of a loved one's or your own diagnosis of a critical illness; or
- mourn the death of a loved one.

Limited to **R 5 000 per policy per year**.

#### GOOD TO KNOW

- Trauma affects everyone at different times. We provide cover even if the traumatic event occurred before your cover start date.
- Our benefit applies even if your medical aid doesn't cover trauma counselling consultations.
- Read more about our **WELLNESS CARELINE** value-added product, which offers complimentary telephonic and virtual counselling to support better mental wellness.
- You're covered from day one because this benefit isn't subject to any waiting periods.

#### BENEFITS NOT SUBJECT TO THE OVERALL POLICY LIMIT (OPL)

Our **ACCIDENTAL DEATH AND DISABILITY** and **FIRST-TIME CANCER DIAGNOSIS PAYOUT BENEFITS** aren't subject to the **OPL** because we give these benefits to you over and above those that form part of the **OPL**.

### PAYOUT BENEFITS

## ACCIDENTAL DEATH AND DISABILITY

#### HOW IT WORKS

In the event of accidental death or total and permanent disability due to an accident, a benefit amount is payable on each insured person's life.

Our benefit compensates you for any current or future costs and expenses, including any potential loss of earnings.

The benefit amount that applies to:

- the principal insured is payable to the surviving spouse or the principal insured's estate if there's no surviving spouse.
- the spouse is payable to the principal insured or the spouse's estate if there's no surviving principal insured.
- any other dependant is payable to the principal insured or the principal insured's estate if there's no surviving principal insured.

In the event of the simultaneous death of the principal insured and spouse, the benefit amounts are payable to the principal insured's estate.

#### WHAT WE COVER

You and your spouse are covered for **R 15 000 per insured person**, and your dependants for **R 5 000 per insured person** if either one of you passes away or becomes totally and permanently disabled due to an accident.

Limited to **1 event per insured person per year**.

#### ACCIDENT...

means a sudden, unplanned and unexpected accidental event resulting in bodily injury caused by physical impact.

#### TOTAL AND PERMANENT DISABILITY...

means bodily injury resulting in complete and absolute disablement beyond hope of improvement, preventing an employed insured person from following their usual occupation or similar work for which they're suited by education or training.  
If the insured person is an individual or pensioner who's not gainfully employed, total and permanent disability will mean the loss of both hands or feet, one hand and one foot, or the sight of both eyes.

#### GOOD TO KNOW

- You're covered from day one because this benefit isn't subject to any waiting periods.

## FIRST-TIME CANCER DIAGNOSIS [www.stratumbenefits.co.za/first-time-cancer-diagnosis-benefit/](http://www.stratumbenefits.co.za/first-time-cancer-diagnosis-benefit/)

### HOW IT WORKS

A benefit amount is payable on the first diagnosis of cancer if the diagnosis meets specific qualifying criteria.

#### Our benefit applies if:

- cancer is diagnosed for the first time in your life;
- the diagnosis is made whilst on cover with us;
- cancerous cells have invaded the surrounding or underlying tissue; and
- cancer is diagnosed **before** age 65.

#### Our benefit doesn't apply if the diagnosis:

- was made before your cover start date;
- is made during a **General Waiting Period**;
- is a second diagnosis, regardless of the cancer type;
- is for a tumour histologically described as pre-malignant, non-invasive or cancer in situ;
- is for skin cancer, except for malignant melanoma;
- is for **Stage 1** breast or prostate cancer; or if
- cancerous cells haven't invaded the surrounding or underlying tissue, regardless of the cancer stage.

### WHAT WE COVER

The benefit amount payable for a first-time cancer diagnosis is **R 15 000 per insured person per lifetime**.

#### GOOD TO KNOW

- We look at the following cancer stages when assessing a claim:
  - **Stage 1** usually means the cancer is small and contained within the organ it started in.
  - **Stage 2** usually means the tumour is larger than **Stage 1**, but the cancer hasn't started to spread into surrounding tissues. Sometimes **Stage 2** means cancer cells have spread into lymph nodes close to the tumour. This depends on the type of cancer.
  - **Stage 3** usually means the cancer is larger than **Stage 2**. It may have started to spread into surrounding tissues, and cancer cells in the lymph nodes are nearby.
  - **Stage 4** means cancer has spread from where it started to another body organ, such as the liver or lung. This is also called secondary or metastatic cancer.
- If you're diagnosed with **Stage 2** cancer that hasn't spread when the first diagnosis is made, our benefit doesn't apply.
- Unless we confirm otherwise, a **General Waiting Period** applies. Refer to the **Waiting Periods** page.

## GAP BENEFIT CLAIM EXAMPLES

If you're unsure if **Gap Cover** is for you, look at the claim examples of how our **GAP BENEFIT** covers medical expense shortfalls.

### GAP BENEFIT

Having a 100% medical aid plan doesn't mean your medical aid will cover all healthcare expenses. Even a more comprehensive 300% plan only pays a portion of what private healthcare providers charge.

The Department of Health published the **Reference Price List (RPL)**, a list of recommended tariffs for medical procedures and treatments, as a departure point for medical aids to determine their rate structures.

The real impact of what your healthcare providers charge and the medical aid rate is on your pocket, as healthcare providers aren't obligated to charge these recommended fees.

Our **GAP BENEFIT** covers shortfalls up to an **additional 300%, 400% or 500%** of your medical aid plan's rate when your healthcare providers charge private fees not fully covered by your medical aid.

The below represents a childbirth claim. If your medical aid pays 100% of the medical aid rate, and the specialists charge 400%, you'll be left with a 300% shortfall.

When submitting a claim for the shortfalls, the **Medical Aid Rate** column on the medical aid statement is our reference point for assessing them.

Service Provider	Amount Claimed	Medical Aid Rate (100%)	Claims paid from		Claims paid to		Claims not paid	RC**
			Hospital / Risk Benefit	MSA*	Member	Service Provider	Your Portion

### 100% MEDICAL AID PLAN RATE + **CORPORATE COMPACT<sup>300</sup>**

If you're on a **100% medical aid plan** and have **300%** cover with us, you'll have **400%** cover in total, meaning the shortfalls on your specialists' accounts would be covered in full.

### 200% MEDICAL AID PLAN RATE + **CORPORATE MERIDIAN<sup>400</sup>**

In the same way, if you're on a **200% medical aid plan** and have **400%** cover with us, you'll have **600%** cover in total.

### 300% MEDICAL AID PLAN RATE + **CORPORATE ELITE<sup>500</sup>**

And if you're on a **300% medical aid plan** and have **500%** cover with us, you'll have **800%** cover in total.

## CORPORATE MERIDIAN<sup>400</sup>

Our **middle-of-the-range option** covers the most often experienced **in-hospital** medical expense shortfalls.

One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan.

Child dependants registered on your or your spouse's medical aid plan may remain on your **Gap Cover** policy regardless of age. However, when a child dependant applies for their own medical aid membership, they must apply for their own policy.

A full-time student **26 or younger** may remain on your policy even if they belong to a different medical aid plan, provided proof of full-time studies is submitted annually. Distance and online learning don't qualify.

We cover **5 or more employees** as an employer group if you join through your employer.

Ask your employer if your spouse and dependants may join. If your employer agrees, add them to your policy.

Premiums are determined by factors such as the size of the employer group, the average age, and whether cover is compulsory or voluntary.

**BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)**

An OPL of R 219 845 per insured person per year applies to the following benefits or any higher amount published by the Regulator during the year. All approved claim amounts will be deducted from the available OPL.

**GAP BENEFIT**
[www.stratumbenefits.co.za/gap-benefit/](http://www.stratumbenefits.co.za/gap-benefit/)
**IN-HOSPITAL COVER****HOW IT WORKS**

We cover the **shortfalls** when:

- the cost of your medical procedure performed in a day clinic or hospital is more than your medical aid plan's rate,
- as long as your medical aid pays an amount from a **hospital benefit**, also known as a **risk or major medical benefit**.

**WHAT WE COVER**

We pay up to an **additional 400%** on top of your medical aid plan's rate to cover shortfalls on your doctors', specialists', and healthcare providers' accounts related to the following in-hospital medical events:

- consumable items, such as catheters, medical gloves and syringes;
- medication administered during your medical event;
- medical procedures, surgeries and treatments;
- physiotherapy;
- pathology, such as blood, saliva and urine tests; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Subject to the **OPL of R 219 845 per insured person per year**.

**GOOD TO KNOW**

- PMBs are specific benefits your medical aid must provide for a defined list of medical procedures. If your medical aid's qualifying criteria for PMBs aren't met, we'll assess the shortfalls when you incur out-of-pocket medical expenses.
- Look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER** to see what other shortfalls we cover.
- Allied healthcare providers aren't covered, except for clinical perfusionists, midwives, nurses, physiotherapists, and radiographers.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**CO-PAYMENT BENEFITS**

There are **three benefit categories**.

<b>ADMISSION AND PROCEDURE CO-PAYMENTS</b> IN-HOSPITAL COVER	<b>PENALTY CO-PAYMENTS</b> IN-HOSPITAL COVER	<b>SCOPE CO-PAYMENTS</b> OUT-OF-HOSPITAL COVER
---	---	---

**HOW IT WORKS**

We **refund** co-payments that your **medical aid imposes** as rand amounts or percentages for:

- admissions to network and non-network day clinics and hospitals and medical procedures, such as in- or out-of-hospital scopes,
- as long as the co-payments are paid from your **medical savings account** or **pocket**.

**WHAT WE COVER**

Claim as many admission and procedure-related co-payments as needed.

Subject to the **OPL of R 219 845 per insured person per year**.

Benefit limits apply to our **PENALTY** and **SCOPE CO-PAYMENT BENEFITS**.

If your medical aid has a preferred network of day clinics, hospitals and healthcare providers you must use for planned medical procedures, you can claim the penalty co-payment when using a non-network provider.

Limited to **1 co-payment** up to **R 10 500 per policy per year**.

Claim the co-payments that apply to out-of-hospital scopes, such as cystoscopies and gastroscopies.

Limited to **2 co-payments** up to **R 4 000 per co-payment per policy per year**.

**GOOD TO KNOW**

- If your healthcare provider asks you to pay an amount before your medical event, it's called split billing. The upfront amount makes up the provider's private fee that doesn't reflect on the account submitted to your medical aid for payment. Ask your provider to submit a detailed account reflecting their private fee to your medical aid so we can assess any shortfalls under our **GAP BENEFIT**.
- Some medical aids require members to use specific provider networks for planned procedures such as hip and knee replacements, spinal surgery, and cataract surgery. These networks may include hospitals, clinics, specialists, and anaesthetists. If you use a non-network provider, your medical aid may apply a co-payment across all related accounts. You can claim these co-payments from us, though depending on how your medical aid processes them, they may fall under our **PENALTY CO-PAYMENT BENEFIT**. Staying in-network is the best way to avoid unnecessary out-of-pocket expenses.
- Look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER** to see what co-payments we cover for dentistry, childbirth and specialised radiology.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

## DENTAL COVER

If you're booked into a day clinic or hospital for extractions, dental implants or oral surgery, our benefits can assist with the shortfalls and co-payments.

Limited to **R 10 000 per policy per year**.

Subject to our **PENALTY CO-PAYMENT BENEFIT**.

#### GOOD TO KNOW

- If your healthcare provider asks you to pay an amount before your medical event, it's called split billing. Ask your provider to submit a detailed account reflecting their private fee to your medical aid so we can assess any shortfalls under our **GAP BENEFIT**.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**HOW IT WORKS**

We cover the **shortfalls** when your healthcare providers charge more than your medical aid plan's rate for in- or out-of-hospital cancer treatment, as long as your medical aid pays an amount from an **oncology benefit**.

**WHAT WE COVER**

The shortfalls we'll cover are subject to the oncology treatment plan approved by your medical aid.

Our benefit typically covers:

## CORPORATE NOVA<sup>500</sup>

Our well-balanced option covers the most often experienced in-hospital medical expense shortfalls.

One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan.

Child dependants registered on your or your spouse's medical aid plan may remain on your **Gap Cover** policy regardless of age. However, when a child dependant applies for their own medical aid membership, they must apply for their own policy.

A full-time student **26 or younger** may remain on your policy even if they belong to a different medical aid plan, provided proof of full-time studies is submitted annually. Distance and online learning don't qualify.

We cover **10 or more employees** as an employer group if you join through your employer. Ask your employer if your spouse and dependants may join. If your employer agrees, add them to your policy. Premiums are determined by factors such as the size of the employer group, the average age, and whether cover is compulsory or voluntary.

**ASK US FOR A CORPORATE QUOTE**

**BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)**

An **OPL** of R 219 845 per insured person per year applies to the following benefits or any higher amount published by the Regulator during the year. All approved claim amounts will be deducted from the available **OPL**.

**GAP BENEFIT**
[www.stratumbenefits.co.za/gap-benefit/](http://www.stratumbenefits.co.za/gap-benefit/)
**IN-HOSPITAL COVER****HOW IT WORKS**

We cover the **shortfalls** when:

- the cost of your medical procedure performed in a day clinic or hospital is more than your medical aid plan's rate,
- as long as your medical aid pays an amount from a **hospital benefit**, also known as a **risk** or **major medical benefit**.

**WHAT WE COVER**

We pay up to an **additional 500%** on top of your medical aid plan's rate to cover shortfalls on your doctors', specialists' and healthcare providers' accounts related to the following in-hospital medical events:

- consumable items, such as catheters, medical gloves and syringes;
- medication administered during your medical event;
- medical procedures, surgeries and treatments;
- physiotherapy;
- pathology, such as blood, saliva and urine tests; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Subject to the **OPL** of R 219 845 per insured person per year.

**GOOD TO KNOW**

- PMBs are specific benefits your medical aid must provide for a defined list of medical procedures. If your medical aid's qualifying criteria for PMBs aren't met, we'll assess the shortfalls when you incur out-of-pocket medical expenses.
- Look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER** to see what other shortfalls we cover.
- Allied healthcare providers aren't covered, except for clinical perfusionists, midwives, nurses, physiotherapists, and radiographers.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**CO-PAYMENT BENEFITS**

There are **two benefit categories**.

**ADMISSION AND PROCEDURE CO-PAYMENTS**  
 IN-HOSPITAL COVER

**PENALTY CO-PAYMENTS**  
 IN-HOSPITAL COVER
**HOW IT WORKS**

We **refund** co-payments that your **medical aid imposes** as rand amounts or percentages for:

- admissions to network and non-network day clinics and hospitals and medical procedures, such as in-hospital scopes,
- as long as the co-payments are paid from your **medical savings account** or **pocket**.

**WHAT WE COVER**

Claim as many admission and procedure-related co-payments as needed.

Limited to **R 50 000 per policy per year**.

If your medical aid has a preferred network of day clinics, hospitals and healthcare providers you must use for planned medical procedures, you can claim the penalty co-payment when using a non-network provider.

Limited to **1 co-payment up to R 6 000 per policy per year**.

**GOOD TO KNOW**

- If your healthcare provider asks you to pay an amount before your medical event, it's called split billing. The upfront amount makes up the provider's private fee that doesn't reflect on the account submitted to your medical aid for payment. Ask your provider to submit a detailed account reflecting their private fee to your medical aid so we can assess any shortfalls under our **GAP BENEFIT**.
- Some medical aids require members to use specific provider networks for planned procedures such as hip and knee replacements, spinal surgery, and cataract surgery. These networks may include hospitals, clinics, specialists, and anaesthetists. If you use a non-network provider, your medical aid may apply a co-payment across all related accounts. You can claim these co-payments from us, though depending on how your medical aid processes them, they may fall under our **PENALTY CO-PAYMENT BENEFIT**. Staying in-network is the best way to avoid unnecessary out-of-pocket expenses.
- Look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER** to see what co-payments we cover for dentistry, childbirth, specialised radiology and scopes.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

- as long as your medical aid pays part of the consultation fees from either a **risk benefit**, also known as an **insured day-to-day or block benefit**, or from your **medical savings account**.

There won't be shortfalls for us to cover if:

- your medical aid covers the consultation fees in full from a **risk benefit**, your **medical savings account**, or both, or

- Our benefit applies even if your medical aid doesn't cover casualty events.

## PRIVATE ROOM BENEFIT

## IN-HOSPITAL COVER

## HOW IT WORKS

Claim the **shortfalls** when your medical aid pays part of the cost of a private hospital room from a **hospital** or **risk benefit**, or the **total cost**, up to our benefit limit when your medical aid excludes it from cover.

## WHAT WE COVER

## PAYOUT BENEFITS

## ACCIDENTAL DEATH AND DISABILITY

## HOW IT WORKS

In the event of accidental death or total and permanent disability due to an accident, a benefit amount is payable on each insured person's life.

Our benefit compensates you for any current or future costs and expenses, including any potential loss of earnings.

The benefit amount that applies to:

- the principal insured is payable to the surviving spouse or the principal insured's estate if there's no surviving spouse.
- the spouse is payable to the principal insured or the spouse's estate if there's no surviving principal insured.
- any other dependant is payable to the principal insured or the principal insured's estate if there's no surviving principal insured.

In the event of the simultaneous death of the principal insured and spouse, the benefit amounts are payable to the principal insured's estate.

## WHAT WE COVER

You and your spouse are covered for **R 25 000 per insured person**, and your dependants for **R 5 000 per insured person** if either one of you passes away or becomes totally and permanently disabled due to an accident.

Limited to **1 event per insured person per year**.

## ACCIDENT...

means a sudden, unplanned and unexpected accidental event resulting in bodily injury caused by physical impact.

## TOTAL AND PERMANENT DISABILITY...

means bodily injury resulting in complete and absolute disablement beyond hope of improvement, preventing an employed insured person from following their usual occupation or similar work for which they're suited by education or training.  
If the insured person is an individual or pensioner who's not gainfully employed, total and permanent disability will mean the loss of both hands or feet, one hand and one foot, or the sight of both eyes.

## GOOD TO KNOW

- You're covered from day one because this benefit isn't subject to any waiting periods.

## FIRST-TIME CANCER DIAGNOSIS

[www.stratumbenefits.co.za/first-time-cancer-diagnosis-benefit/](http://www.stratumbenefits.co.za/first-time-cancer-diagnosis-benefit/)

- is for skin cancer, except for malignant melanoma;
- is for **Stage 1** breast or prostate cancer; or if
- cancerous cells haven't invaded the surrounding or underlying tissue, regardless of the cancer stage.

## WHAT WE COVER

The benefit amount payable for a first-time cancer diagnosis is **R 30 000 per insured person per lifetime**.

## GOOD TO KNOW

- We look at the following cancer stages when assessing a claim:
  - **Stage 1** usually means the cancer is small and contained within the organ it started in.
  - **Stage 2** usually means the tumour is larger than **Stage 1**, but the cancer hasn't started to spread into surrounding tissues. Sometimes **Stage 2** means cancer cells have spread into lymph nodes close to the tumour. This depends on the type of cancer.
  - **Stage 3** usually means the cancer is larger than **Stage 2**. It may have started to spread into surrounding tissues, and cancer cells in the lymph nodes are nearby.
  - **Stage 4** means cancer has spread from where it started to another body organ, such as the liver or lung. This is also called secondary or metastatic cancer.
- If you're diagnosed with **Stage 2** cancer that hasn't spread when the first diagnosis is made, our benefit doesn't apply.
- Unless we confirm otherwise, a **General Waiting Period** applies. Refer to the **Waiting Periods** page.

**GOOD TO KNOW**

- Unless we confirm otherwise, waiting periods apply. Refer to the **Waiting Periods** page.

Sometimes, two **Gap Cover** policies are better than one.

**CORPORATE ACCESS** is ideal if your medical aid plan excludes any of the medical procedures and treatments listed above.

However, if you're on a 100%, 200%, or 300% medical aid plan and want cover for shortfalls on doctors' and specialists' private fees and additional cover for cancer treatment, co-payments, and internal prosthetic devices, **CORPORATE ACCESS** with **CORPORATE COMPACT<sup>300</sup>** or **CORPORATE MERIDIAN<sup>400</sup>** is an ideal combination.

Consider a combination of **CORPORATE ACCESS** and **CORPORATE ELITE<sup>500</sup>** for the highest level of cover and additional benefits for out-patient specialist consultations, private room fees, scopes, and specialised scans.

## RADIOLOGY COVER

What does your medical aid plan cover for specialised radiology? Does a combined benefit limit apply to MRI and CT scans? We've got the cover you need.

### MRI AND CT SCAN SUB-LIMITS

#### OUT-OF-HOSPITAL COVER

#### HOW IT WORKS AND WHAT WE COVER

When your medical aid covers the cost of out-of-hospital MRI or CT scans from a **sub-limit** or **annual limit**, but the rand amount available under the **sub-limit** or **annual limit** doesn't cover the total cost, we'll cover the **difference**.

Limited to **R 2 000 per policy per year**.

#### GOOD TO KNOW

- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

## CASUALTY BENEFITS

There are **two benefit categories**.

#### ACCIDENTAL EVENTS

INDIVIDUALS OF ALL AGES  
OUT-OF-HOSPITAL COVER

#### ILLNESS EVENTS

CHILDREN 10 YEARS OR YOUNGER  
OUT-OF-HOSPITAL COVER

#### HOW IT WORKS

Visit any registered medical facility **within 24 hours** of an accident, such as the doctor's room or emergency unit at the nearest hospital, when anyone in the family requires medical treatment for bodily injury.

Children **10 years or younger** are covered for after-hours illness-related events at any registered casualty facility between **19:00** and **7:00** Monday through Friday and all day Saturday, Sunday, and public holidays.

We'll cover the **shortfalls** when your medical aid pays part of the cost of a casualty event from a **risk, insured day-to-day** or **block benefit**, or **refund the total cost** when paid from your **medical savings account** or **pocket**, subject to our benefit limit.

#### WHAT WE COVER

We cover all the healthcare and service providers' accounts related to a casualty event, typically including:

- basic and specialised radiology and pathology;
- co-payments;
- facility and doctors' consultation fees;
- medication administered during an event;
- external medical items received at the medical facility, such as a neck brace or arm sling; and
- follow-up visits related to accidental events, such as having stitches or a cast removed.

Limited to **R 4 000 per policy per year**.

#### GOOD TO KNOW

- If you're admitted to the hospital after being treated in the casualty or medical facility for an accidental-related event, or your child is admitted after being treated in the casualty facility for an after-hours illness-related event, the admission becomes a new medical event, and claims will be assessed based on the hospital admission.
- Our benefit applies even if your medical aid doesn't cover casualty events.
- You're covered from day one because this benefit isn't subject to any waiting periods.

**BENEFIT NOT SUBJECT TO THE OVERALL POLICY LIMIT (OPL)**

The following benefit isn't subject to the **OPL** because we give this benefit to you over and above those that form part of the **OPL**.

**PAYOUT BENEFIT****ACCIDENTAL DEATH AND DISABILITY****HOW IT WORKS**

In the event of accidental death or total and permanent disability due to an accident, a benefit amount is payable on each insured person's life.

Our benefit compensates you for any current or future costs and expenses, including any potential loss of earnings.

The benefit amount that applies to:

- the principal insured is payable to the surviving spouse or the principal insured's estate if there's no surviving spouse.
- the spouse is payable to the principal insured or the spouse's estate if there's no surviving principal insured.

In the event of the simultaneous death of the principal insured and spouse, the benefit amounts are payable to the principal insured's estate.

**WHAT WE COVER**

You and your spouse are covered for **R 5 000 per insured person** if either one of you passes away or becomes totally and permanently disabled due to an accident.

Limited to **1 event per insured person per year**.

**ACCIDENT...**

means a sudden, unplanned and unexpected accidental event resulting in bodily injury caused by physical impact.

**TOTAL AND PERMANENT DISABILITY...**

means bodily injury resulting in complete and absolute disablement beyond hope of improvement, preventing an employed insured person from following their usual occupation or similar work for which they're suited by education or training.

If the insured person is an individual or pensioner who's not gainfully employed, total and permanent disability will mean the loss of both hands or feet, one hand and one foot, or the sight of both eyes.

**GOOD TO KNOW**

- You're covered from day one because this benefit isn't subject to any waiting periods.

## CORPORATE ACCESS CO-PAY PLUS<sup>300</sup>

Our **booster option** covers specific medical procedures, treatments, scans, and surgeries that some medical aid plans exclude. It also covers the **most often experienced in- and out-of-hospital** medical expense shortfalls for medical procedures that aren't excluded, and refunds co-payments.

One **Gap Cover** policy covers you and your spouse, even if you belong to different medical aid plans, including the dependants registered on either medical aid plan.

Child dependants registered on your or your spouse's medical aid plan may remain on your **Gap Cover** policy regardless of age.

However, when a child dependant applies for their own medical aid membership, they must apply for their own policy.

A full-time student **26 or younger** may remain on your policy even if they belong to a different medical aid plan, provided proof of full-time studies is submitted annually. Distance and online learning don't qualify.

We cover **5 or more employees** as an employer group if you join through your employer.

Ask your employer if your spouse and dependants may join. If your employer agrees, add them to your policy.

Premiums are determined by factors such as the size of the employer group, the average age, and whether cover is compulsory or voluntary.

**BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)**

An OPL of R 219 845 per insured person per year applies to the following benefits or any higher amount published by the Regulator during the year. All approved claim amounts will be deducted from the available OPL.

**ACCESS BENEFIT**

Claim the cost of any medical procedure, treatment, scan or surgery listed below if your medical aid plan excludes it.

**IN- AND OUT-OF-HOSPITAL COVER****HOW IT WORKS**

Our benefit helps with the cost of a planned medical procedure if:

- your medical aid plan excludes it from cover, or
- your plan only covers Prescribed Minimum Benefit (PMB) medical procedures, and your procedure isn't listed as a PMB.

PMBs are specific benefits your medical aid must provide for a defined list of medical procedures.

To claim, send us cost estimates from all your chosen providers, such as the hospital or day clinic, surgeon, and anaesthetist, along with a completed claim form.

We'll review the quotes. If approved, we'll issue a guarantee of payment to your providers as an undertaking to pay them directly after your procedure.

After your procedure, submit the final invoices. We'll settle them in the order received, up to the procedure benefit limit. Any costs above the limit will be for your pocket.

**WHAT WE COVER**

We'll cover the cost of your hospital admission and related provider fees, up to the procedure benefit limit.

**CORPORATE ACCESS CO-PAY PLUS<sup>300</sup>** is ideal if your medical aid plan excludes any of the medical procedures and treatments listed above, covers doctors' and specialists' private fees at 100%, 200%, or 300% of the medical aid rate, and imposes procedure-related co-payments.

## GAP BENEFIT

[www.stratumbenefits.co.za/gap-benefit/](http://www.stratumbenefits.co.za/gap-benefit/)

## IN- AND OUT-OF-HOSPITAL COVER

## HOW IT WORKS

Our **ACCESS BENEFIT** helps cover the cost of specific medical procedures, treatments, scans, and surgeries if your medical aid plan excludes it or only covers Prescribed Minimum Benefit (PMB) medical procedures.

Our **GAP BENEFIT** covers the shortfalls on medical procedures, treatments, scans, and surgeries not excluded by your medical aid plan.

We cover the **shortfalls** when:

- the cost of your medical procedure performed in a day clinic, hospital, or your healthcare provider's room is more than your medical aid plan's rate,
- as long as your medical aid pays an amount from a **hospital benefit**, also known as a **risk, major medical, insured day-to-day or block benefit**.

## WHAT WE COVER

We pay up to an **additional 300%** on top of your medical aid plan's rate to cover shortfalls on your doctors', specialists' and healthcare providers' accounts related to the following in- and out-of-hospital medical events:

- consumable items, such as catheters, medical gloves and syringes;
- medication administered during your medical event;
- medical procedures, surgeries and treatments;
- physiotherapy;
- pathology, such as blood, saliva and urine tests; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Subject to the **OPL of R 219 845 per insured person per year**.

## GOOD TO KNOW

- PMBs are specific benefits your medical aid must provide for a defined list of medical procedures. If your medical aid's qualifying criteria for PMBs aren't met, we'll assess the shortfalls when you incur out-of-pocket medical expenses.
- Look at **DENTAL, MATERNITY** and **RADIOLOGY COVER** to see what other shortfalls we cover.
- Allied healthcare providers aren't covered, except for clinical perfusionists, midwives, nurses, physiotherapists, and radiographers.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

## CO-PAYMENT BENEFIT

## ADMISSION AND PROCEDURE CO-PAYMENTS

## IN- AND OUT-OF-HOSPITAL COVER

## HOW IT WORKS

We **refund** co-payments that your **medical aid imposes** as rand amounts or percentages for:

- admissions to day clinics and hospitals and medical procedures, such as in- or out-of-hospital scopes and scans,
- as long as the co-payments are paid from your **medical savings account** or **pocket**.

## WHAT WE COVER

Claim admission and procedure-related co-payments.

Limited to **R 7 000 per policy per year**.

## GOOD TO KNOW

- If your healthcare provider asks you to pay an amount before your medical event, it's called split billing. The upfront amount makes up the provider's private fee that doesn't reflect on the account submitted to your medical aid for payment. Ask your provider to submit a detailed account reflecting their private fee to your medical aid so we can assess any shortfalls under our **GAP BENEFIT**.
- Look at **DENTAL, MATERNITY** and **RADIOLOGY COVER** to see what co-payments we cover for dentistry, childbirth and specialised radiology.
- Unless we confirm otherwise, waiting periods and the **Limited Payout Benefit** apply. Refer to the **Waiting Periods** page.

**ACCIDENTAL EVENTS**  
INDIVIDUALS OF ALL AGES  
OUT-OF-HOSPITAL COVER

**ILLNESS EVENTS**  
CHILDREN 10 YEARS OR YOUNGER  
OUT-OF-HOSPITAL COVER

**HOW IT WORKS**

Visit any registered medical facility **within 24 hours** of an accident, such as the doctor's room or emergency unit at the nearest hospital, when anyone in the family requires medical treatment for bodily injury.

Children **10 years or younger** are covered for after-hours illness-related events at any registered casualty facility between **19:00 and 7:00** Monday through Friday and all day Saturday, Sunday, and public holidays.

We'll cover the **shortfalls** when your medical aid pays part of the cost of a casualty event from a **risk, insured day-to-day or block benefit**, or **refund the total cost** when paid from your **medical savings account or pocket**, subject to our benefit limit.

**WHAT WE COVER**

We cover all the healthcare and service providers' accounts related to a casualty event, typically including:

- basic and specialised radiology and pathology;
- co-payments;
- facility and doctors' consultation fees;
- medication administered during an event;
- external medical items received at the medical facility, such as a neck brace or arm sling; and
- follow-up visits related to accidental events, such as having stitches or a cast removed.

Limited to **R 4 000 per policy per year**.

**GOOD TO KNOW**

- If you're admitted to the hospital after being treated in the casualty or medical facility for an accidental-related event, or your child is admitted after being treated in the casualty facility for an after-hours illness-related event, the admission becomes a new medical event, and claims will be assessed based on the hospital admission.
- Our benefit applies even if your medical aid doesn't cover casualty events.
- You're covered from day one because this benefit isn't subject to any waiting periods.

**BENEFIT NOT SUBJECT TO THE OVERALL POLICY LIMIT (OPL)**

The following benefit isn't subject to the **OPL** because we give this benefit to you over and above those that form part of the **OPL**.

**PAYOUT BENEFIT****ACCIDENTAL DEATH AND DISABILITY****HOW IT WORKS**

In the event of accidental death or total and permanent disability due to an accident, a benefit amount is payable on each insured person's life. Our benefit compensates you for any current or future costs and expenses, including any potential loss of earnings.

The benefit amount that applies to:

- the principal insured is payable to the surviving spouse or the principal insured's estate if there's no surviving spouse.
- the spouse is payable to the principal insured or the spouse's estate if there's no surviving principal insured.

In the event of the simultaneous death of the principal insured and spouse, the benefit amounts are payable to the principal insured's estate.

**WHAT WE COVER**

You and your spouse are covered for **R 5 000 per insured person** if either one of you passes away or becomes totally and permanently disabled due to an accident.

Limited to **1 event per insured person per year**.

**ACCIDENT...**

means a sudden, unplanned and unexpected accidental event resulting in bodily injury caused by physical impact.

**TOTAL AND PERMANENT DISABILITY...**

means bodily injury resulting in complete and absolute disablement beyond hope of improvement, preventing an employed insured person from following their usual occupation or similar work for which they're suited by education or training.  
If the insured person is an individual or pensioner who's not gainfully employed, total and permanent disability will mean the loss of both hands or feet, one hand and one foot, or the sight of both eyes.

**GOOD TO KNOW**

- You're covered from day one because this benefit isn't subject to any waiting periods.

The percentage is determined by the quote your employer accepted.

## BENEFIT & GENERAL EXCLUSIONS

**Gap Cover** works with your medical aid cover.

**Gap Cover** includes various benefits covering medical expense shortfalls for just about every medical eventuality.

Depending on the benefit's qualifying criteria, your medical aid must first pay a portion of the cost of a medical event before we step in and take care of the rest. However, not every medical event will qualify for benefits as policies are subject to benefit and general exclusions.

### BENEFIT EXCLUSIONS

**Gap Cover** offers many benefits, each with specific qualifying criteria.

Benefit exclusions apply only to specific benefits, not the entire policy. They limit or exclude cover for certain medical procedures, treatments, and events within a particular benefit category.

For more information about what you can and can't claim, go to [www.stratumbenefits.co.za/benefit-exclusions/](http://www.stratumbenefits.co.za/benefit-exclusions/) or scan the **QR code** to view or download our **Benefit Exclusions**.

### GENERAL EXCLUSIONS

General exclusions are standard conditions and events that aren't covered, regardless of the specific claim or benefit. These exclusions apply to the entire policy, not only a specific benefit.

Go to [www.stratumbenefits.co.za/general-exclusions/](http://www.stratumbenefits.co.za/general-exclusions/) or scan the **QR code** to download our **General Exclusions**.

11. costs for medical documents, such as scripts and medical reports.
12. split billing charges.  
*(These are upfront payments your healthcare or service providers may ask you to pay before your medical event. These amounts make up the providers' private fees and don't reflect on the accounts submitted to medical aid for payment. We assess shortfalls under our **GAP BENEFIT** when all charges reflect on your providers' accounts and refund upfront co-payments your medical aid imposes under our **CO-PAYMENT BENEFITS**.)*
